- Green leafy vegetables like spinach, kale, and collards
- Salmon, tuna, and other oily fish
- Eggs, nuts, beans, and other nonmeat protein sources

Programme was presided over by Hon'ble Principal Dr. Ansari Md Haroon M.R. Dr.Khan Rumana NSS programme officer presented aims and objectives of the programme.

Dr. Mifrah delivered a valuable lecture on the topic "How to keep Eyes healthy" in her lecture she explained that Good eye health starts with the food on your plate. Nutrients like omega-3 fatty acids, lutein, zinc, and vitamins C and E might help ward off age-related vision problems like macular degeneration and cataracts. To get them, fill your plate with:

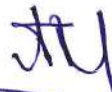

- Green leafy vegetables like spinach, kale, and collards
- Salmon, tuna, and other oily fish
- Eggs, nuts, beans, and other nonmeat protein sources
- Oranges and other citrus fruits or juices
- Oysters and pork

A well-balanced diet also helps you stay at a healthy weight, that lowers your odds of obesity and related diseases like type 2 diabetes, which is the leading cause of blindness in adults.

After the lecture she examined around 35 patients from the slum areas ,03 patients referred for eye surgery, she also gave medicines and eye drops to the patients. Programme was ended with vote of thanks offered by Miss Mariya Imtiyaz Ah.

**Covid -19 Vaccination Camp in Collaboration with Nima
Health Centre Malegaon Muncipal Corporation**

30th October 2021

Report prepared by: Dr. Khan Rumana Amanullah

The COVID-19 vaccines produce protection against the disease, as a result of developing an immune response to the SARS-Cov-2 virus. Developing immunity through vaccination means there is a reduced risk of developing the illness and its consequences. This immunity helps you fight the virus if exposed. Getting vaccinated may also protect people around you, because if you are protected from getting infected and from disease, you are less likely to infect someone else. This is particularly important to protect people at increased risk for severe illness from COVID-19, such as healthcare providers, older or elderly adults, and people with other medical conditions.

NSS unit organized Covid -19 Vaccination Camp in collaboration with Nima Health Centre Malegaon Muncipal Corporation on 30th

Invitation

Dear Madam/ Sir,

It is a matter of great pleasure and pride that our College is going to organize One Day Multidisciplinary National Conference on "Gender Equality and Women Empowerment" on 15th February 2020, Saturday, by Politics Department. We are privileged and feel honoured to invite you for the conference. We firmly believe that you will grace the occasion with your kind presence by contributing research paper.

ABOUT THE INSTITUTION:

Jadeed Anjuman-e-Taleem [J.A.T] was established in 1960 by founder Chairman Late Alhaj Haroon Ahmad Ansari Saheb [Ex M.L.A] veteran freedom fighter, great educationist, versatile personality, along with his fellow companion founder Secretary Late Md. Ameen Ishrat Lodhi Saheb, noted social reformer, academician, charismatic personality, in a very challenging condition. The motive behind this noble cause was to impart quality education to the educationally and economically backward minority community girls.

At present the Institution is being run by Hon'ble Alhaj Ansari Nehal Ahmed Saheb [Chairman J.A.T Institution], the multi-talented, multi-tasking, dynamic personality, along with Hon'ble Alhaj Mushtaque M.A. Saheb [Secretary J.A.T Institution] a source of inspiration, motivator, well known educationist and Hon'ble Advocate Niyaz Ahemad Lodhi Saheb, the renowned and enthusiastic personality in legal, social, religious and educational community in Malegaon city. The entire Honourable Members of J.A.T Management are trying their level best to provide education to the economically poor and educationally backward Muslim minority girls in safe and secular environment. Being the great educationist their goal is to make J.A.T Campus "Centre of Excellence" where quality education is the central and focal point. At present the Institution is imparting quality education to more than 10,000 students, with the help of 10 units and more than 450 employees.

ABOUT THE COLLEGE:

J.A.T. Arts, Science & Commerce College was established in 1989 by crossing all obstacles in the way of imparting higher education specially women belonging to minority community. Our vision is "To make an awareness of the changing needs of the modern Indian society with the challenges & opportunities available amongst the women from the minority community." We are committed to make this college a center of excellence in education with a

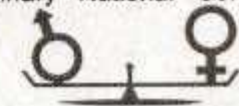

perfect blend of academics.

We carry our research, consultancy and training for fulfilling the needs and expectations of students, parents and society at large. We aim to do this with a high degree of social creativity through innovation, dedication & continual nurturing of talent so as to build a learning environment to promote creativity and leadership skills among our students. The college continuously struggles towards the improvement of infrastructure conducive to excellence in learning process. Every year we believe in reviewing the various processes of college mechanism through involvement of faculty, Staff & experts so as to make it more conducive emerging to the needs of students.

ABOUT THE CONFERENCE:

Gender equality is a fundamental human right. Yet despite of progress, women and girls around the world do not fully experience equal rights and their potential as economic, social and sustainable development change-agents remains untapped. Women are under represented in power and decision-making roles. They receive unequal pay for equal work and they continue to be targets of physical and sexual abuse. Additionally, women-owned enterprises are economically disadvantaged and lack equal opportunity to compete for business opportunities. Women also face legal and other barriers that affect their opportunities at work and as entrepreneurs. Empowering women and girls helps expand economic growth, promote social development and establish more stable and just societies. Women's economic empowerment benefits both women and children. It is pivotal to the health and social development of families, communities and nations. Further, the UN's Sustainable Development Goals (SDGs) underscore women's empowerment as an important development objective, in and of itself, and highlight the relevance of gender equality to addressing a wide range of global challenges. Companies that focus on women's empowerment experience greater business success. Research shows investing in women and girls can lead to increases in productivity, organizational effectiveness, return on investment and higher consumer satisfaction.

Keeping in view the growing importance of the theme "Gender Equality and Women Empowerment", Politics Department of our College is going to organize One Day Multidisciplinary National Conference on 15th February 2020.

About the college:

Jadeed Anuman-e-Taleem's Arts, Science and Commerce College (for women) was established in 1989, with the sole intension to bring the women from minority community to the mainstream of higher education and research. The two personalities of yesteryears Late Haroon Ansari Saheb (Freedom Fighter and Ex- MLA) Founder chairman and Md. Ameen Ishrat Lodhi Saheb, Founder Secretary, played pivotal role in the establishment of the institution and worked impartially to bring up the women education. The college is located in the heart of the Malegaon City in a beautiful campus. Our college has undergraduate courses in Arts, Science and Commerce faculties with special subjects, English, Urdu, Political Science, Geography, Physics, Chemistry, Botany, Zoology and Computer Sci. & Post-Graduate Course in M.Sc. Inorganic Chemistry.

About the webinar:

Prevention is better than cure so avoidance of danger is always better than to fight. If a woman is equipped with self defence skills, she can find a way to keep herself safe. In today's society, a woman is prone to fall victim to domestic violence or sexually motivated attacks by male. Women are physically weaker and mentally softer than male. It is need of the hour to make every woman student to be strong. So in order to make our girls students strong and safe, Women Safety and Development Cell, Department of English and Board of Students Development organised National Webinar on 'Self Defence'. Every woman student must bear in her mind that Self defence training is a boon to her life. The program is meant to make our students strong as well as to make them live with dignity in today's male dominated society.

About the college:

Jadeed Anuman-e-Taleem's Arts, Science and Commerce College (for women) was established in 1989, with the sole intension to bring the women from minority community to the mainstream of higher education and research. The two personalities of yesteryears Late Haroon Ansari Saheb (Freedom Fighter and Ex- MLA) Founder chairman and Md. Ameen Ishrat Lodhi Saheb, Founder Secretary, played pivotal role in the establishment of the institution and worked impartially to bring up the women education. The college is located in the heart of the Malegaon City in a beautiful campus. Our college has undergraduate courses in Arts, Science and Commerce faculties with special subjects, English, Urdu, Political Science, Geography, Physics, Chemistry, Botany, Zoology and Computer Sci. & Post-Graduate Course in M.Sc. Inorganic Chemistry.

About the webinar:

Prevention is better than cure so avoidance of danger is always better than to fight. If a woman is equipped with self defence skills, she can find a way to keep herself safe. In today's society, a woman is prone to fall victim to domestic violence or sexually motivated attacks by male. Women are physically weaker and mentally softer than male. It is need of the hour to make every woman student to be strong. So in order to make our girls students strong and safe, Women Safety and Development Cell, Department of English and Board of Students Development organised National Webinar on 'Self Defence'. Every woman student must bear in her mind that Self defence training is a boon to her life. The program is meant to make our students strong as well as to make them live with dignity in today's male dominated society.

Report

Gender sensitization may be seen as "the awareness informed propensity to behave in a manner which is sensitive to gender justice and gender equality issues." Gender sensitization presides over gender sensitivity, the modification of behaviour by raising awareness of gender equality concerns. It is interlinked with gender empowerment. Gender sensitization theories claim that modification of the behaviour of teachers and parents towards children which can have a causal effect on gender equality.

7.1.1 Measures initiated by the Institution for the promotion of gender equity during the last five years.

By increasing awareness of promoting gender equality, gender sensitization presides over gender sensitivity and the alteration of behaviour. It is implemented by running a variety of awareness-raising campaigns, workshops, events, etc. The following are some of the actions the organization has taken to promote gender equity. - A gender audit is conducted following the admissions process each academic year.

Gender sensitization:

College Organizes sessions include debates, talks, seminars and conferences on gender sensitization. Our college has run "Beti Bachao, Beti Padhao" campaigns to raise awareness and enhance the effectiveness of the social services for girls in India.

Safety and Security-

Everyone is given access to a safe and secure environment. Each member of the staff and each student is given an identity card, which aids in maintaining security at the building's entrance. Gate crashers are constantly being monitored by security personnel at the entrance gate.

Formalized are the internal complaint committee, vigilance and discipline committee, "Vishakha" committee for grievances, and anti-ragging committee. CCTV surveillance is widely used on college campuses. The entire campus of our college is surrounded by a compound wall. Girls are also taught self-defense skills by trainers from a safety perspective.

Counseling: All the members of the Admission Committee, the Guardian of the Vishakha Committee, the Departments Political science, English and other individuals are constantly working to guide and counsel the students. Regular counselling sessions are provided by the health Center, along with health awareness initiatives.

Critical Places for girls' students

The ground level has a separate, common room area for girls. It has wifi, a water cooler arrangement, and is well ventilated. There are amenities including lights, fans, restrooms, chairs, tables, charging connections, mirrors, and changing rooms.

About the Workshop:

Gender sensitization may be seen as "the awareness informed propensity to behave in a manner which is sensitive to gender justice and gender equality issues." Gender sensitization presides over gender sensitivity, the modification of behavior by raising awareness of gender equality concerns. This can be achieved by conducting various sensitization campaigns, training centres, workshop, programs etc. Sensitization in the domain of Humanities and Social Sciences, is seen as an awareness informed propensity or disposition which aims at changing behavior so that it is sensitive to certain issues. It is interlinked with gender empowerment. Gender sensitization theories claim that modification of the behavior of teachers and parents towards children which can have a causal effect on gender equality.

Self-Defence is a risk reduction strategy that may offer assertiveness training, education about dangerous situations and "red flags" that perpetrators may exhibit, and strategies to physically and verbally resist dangerous situations. Self-Defence does not prevent the choices perpetrators make to assault, but may provide individuals with confidence, awareness and diffusion strategies to increase their safety and potentially lessen the severity of attacks.

Keeping in view the importance of Gender Sensitization and Self-Defence, English Department and Girls' Safety Cell of our College is going to organize jointly one day Workshop on "Gender Sensitization and Self-Defence" on 18th December 2019.

Invitation

Dear Madam/ Sir,

It is a matter of great pleasure and pride that our College is going to organize One Day Multidisciplinary National Conference on “Gender Equality and Women Empowerment” on 15th February 2020, Saturday, by Politics Department. We are privileged and feel honoured to invite you for the conference. We firmly believe that you will grace the occasion with your kind presence by contributing research paper.

ABOUT THE INSTITUTION:

Jadeed Anjuman-e-Taleem [J.A.T] was established in 1960 by founder Chairman Late Alhaj Haroon Ahmad Ansari Saheb [Ex M.L.A] veteran freedom fighter, great educationist, versatile personality, along with his fellow companion founder Secretary Late Md. Ameen Ishrat Lodhi Saheb, noted social reformer, academician, charismatic personality, in a very challenging condition. The motive behind this noble cause was to impart quality education to the educationally and economically backward minority community girls.

At present the Institution is being run by Hon'ble Alhaj Ansari Nehal Ahmed Saheb [Chairman J.A.T Institution], the multi-talented, multi-tasking, dynamic personality, along with Hon'ble Alhaj Mushtaque M.A. Saheb [Secretary J.A.T Institution] a source of inspiration, motivator, well known educationist and Hon'ble Advocate Niyaz Ahemad Lodhi Saheb, the renowned and enthusiastic personality in legal, social, religious and educational community in Malegaon city. The entire Honourable Members of J.A.T Management are trying their level best to provide education to the economically poor and educationally backward Muslim minority girls in safe and secular environment. Being the great educationist their goal is to make J.A.T Campus “Centre of Excellence” where quality education is the central and focal point. At present the Institution is imparting quality education to more than 10,000 students, with the help of 10 units and more than 450 employees.

ABOUT THE COLLEGE:

J.A.T. Arts, Science & Commerce College was established in 1989 by crossing all obstacles in the way of imparting higher education specially women belonging to minority community. Our vision is “To make an awareness of the changing needs of the modern Indian society with the challenges & opportunities available amongst the women from the minority community.” We are committed to make this college a center of excellence in education with a

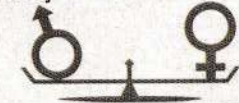

perfect blend of academics.

We carry our research, consultancy and training for fulfilling the needs and expectations of students, parents and society at large. We aim to do this with a high degree of social creativity through innovation, dedication & continual nurturing of talent so as to build a learning environment to promote creativity and leadership skills among our students. The college continuously struggles towards the improvement of infrastructure conducive to excellence in learning process. Every year we believe in reviewing the various processes of college mechanism through involvement of faculty, Staff & experts so as to make it more conducive emerging to the needs of students.

ABOUT THE CONFERENCE:

Gender equality is a fundamental human right. Yet despite of progress, women and girls around the world do not fully experience equal rights and their potential as economic, social and sustainable development change-agents remains untapped. Women are under represented in power and decision-making roles. They receive unequal pay for equal work and they continue to be targets of physical and sexual abuse. Additionally, women-owned enterprises are economically disadvantaged and lack equal opportunity to compete for business opportunities. Women also face legal and other barriers that affect their opportunities at work and as entrepreneurs. Empowering women and girls helps expand economic growth, promote social development and establish more stable and just societies. Women's economic empowerment benefits both women and children. It is pivotal to the health and social development of families, communities and nations. Further, the UN's Sustainable Development Goals (SDGs) underscore women's empowerment as an important development objective, in and of itself, and highlight the relevance of gender equality to addressing a wide range of global challenges. Companies that focus on women's empowerment experience greater business success. Research shows investing in women and girls can lead to increases in productivity, organizational effectiveness, return on investment and higher consumer satisfaction.

Keeping in view the growing importance of the theme “Gender Equality and Women Empowerment”, Politics Department of our College is going to organize One Day Multidisciplinary National Conference on 15th February 2020.
