College Health Center

Procedure

Medical center of the college is really a boon for the students and staff of the campus. The center is fully equipped with all the required medical facilities and equipments. It also has a permanent experienced and expert doctor, appointed to serve 24x7 in the camps. It is situated at the college hostel building's ground floor. The management is the sole authority of the health center for all its maintenance, utilization and upgradation. It is made free for all the students and staff of the J.A.T. Campus. All the medical equipments, and medicines of the center are every now and then monitored and duly testified by a particular appointed staff, considering the sustainability of the equipments and dates of expiry of the medicines and in turn take necessary steps to deal with them. Considerable number of cots/beds are available for providing adequate medical help to the needy. As soon as any emergency occurs, the doctor incharge is informed immediately. He starts taking all the necessary steps to ensure the timely treatment of the emergent case. As the college is women's college, they need many a time prompt medical help for some personal and hygienic issues which are dealt with in no time.

Policy:

- ◆ College medical center is established for the campus students and staff basically.
- ◆ It should be utilized for community purposes during the dire need and in emergency.
- ◆ Student-patient is to immediately inform first to their concerned teachers and the teachers in turn will inform the parents of the students and then with their permission take the student to the medical center for further actions.
- ◆ The health center must maintain the record of all the patients with their essential details and report every month to the management.

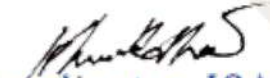

J.A.T. Arts, Science & Commerce College (for Women)

MALEGAON (NASHIK) MAHARASHTRA 423203

- ◆ The health center must be fully student-friendly and the center staff must be cooperative to the limit.
- ◆ Any misconduct of the health care personnel will be treated with zero tolerance.
- ◆ In matters of severe and out of control cases, the doctor incharge will immediately take help of other doctors or manage to send the patient in the best relevant hospital possible by using the most sophisticated strategy.
- ◆ The health center will have instruction boards, posters and such other facilities for the ease of the student-patients.
- ◆ The center's sanitation, cleaning and hygiene will be regularly undertaken by the concerned staff.
- ◆ The medical waste of the center must be safely disposed through standard norms.

Fareeda Ansari Health Care Centre:

For the health care of students, there is separate health care centre in the premise. It facilitates students with all necessary clinical equipment and facilities.

Gymkhana:

The college has Department of Physical Education with indoor-game facilities like Table-tennis, Chess, Carrom board, and Badminton. The college also made available the outdoor game facilities to the students like playground, the structures for kho-kho, kabaddi, badminton, hockey, handball, softball, volleyball, cricket etc. The gymnasium is available in the college building for physical health of the students. Along with celebration of international yoga day, yoga activities are also organized through guest lectures of the yoga experts.

Students Health Services Scheme

Report of Eye Checkup and Hemoglobin Checkup Camp

A free Eye Checkup and Hemoglobin Checkup Camp were organized by the Students Health Scheme in association with Women Safety Cell, Dpt. of English and NSS on 23rd February, 2022 for faculty, staff and students. The activity was conducted with the help of Rotary Club and Malegaon Blood Bank. Principal Dr. Md. Haroon and other faculty members were present for the same. The hemoglobin level of more than 150 students as well as staff members were checked and those found with lower hemoglobin level than normal level were advised to have a balanced diet.

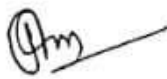

On the same day, Free Eye Checkup camp was organized in the campus. It took the initiative to motivate others and create awareness about the protection and importance of eyes. Teaching and Non-Teaching staff were all informed about the eye checkup camp and they took benefit of it. "Eye is the jewel of the body, It is the lamp of the body, If your eyes were healthy, your whole body will be full of light"; this was the message of the camp.
